

MINISTRY OF EDUCATION

Career Exhibition and Fair 17th – 19th September 2007 at Mulungushi International Conference Centre

Purpose

Provide information to 5,000 current grade twelve students on career opportunities and current skill-gaps on the Zambian market. This will enable them to make informed career choices. The fair will also provide information on current tertiary institutions and the courses available.

Why is this necessary?

Despite skills shortage on the market, there is high unemployment. This fair should bridge the gap between careers and tertiary education that learners are pursuing and what the market projects will be in demand in the near future.

Target exhibitors

We are seeking representation from all sectors of the economy that are experiencing the skills gaps.

Options to Exhibitors (one or both)

- Exhibition booth and access to 5000 current grade twelve students (approximately 2000 of which will be girls)
- Presentation to up to 2000 students at a go

Sponsorship Fee

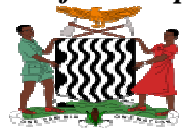

Contribution of K7, 500,000 before VAT. Sponsorship opportunities available

Benefit to Sponsors

- Ability to plan and address future skills requirements
- Identified as employer of choice
- This can constitute part of your social responsibility program
- Branding and marketing to future workforce

For further details and to participate, please contact Kasali Musenge on kasali.musenge@mac.co.zm or 097-726-1665 or Foster Kayungwa, Career Guidance Department, Ministry of Education Tel 255589 / 096-675-2734
